CLIMBING IN LOJA

LOJA: City situated near the A-92 highway, offers a full variety of active tourism activities.

ROUTES: Located in Sierra de Loja and in Monte Hacho.

QUALITY OF THE AREA: Among the best places to clima in Andalucía (this evaluation takes into account different aspects Duch as the number of routes, bolting and the beauty of the routes).

ROCK: Limestone.

BEST SEASON: Year round.

BOLTING: The majority of the anchors are good. M-10 bolts are abundant.

ORIENTATION OF THE CRAGS: South, west and north.

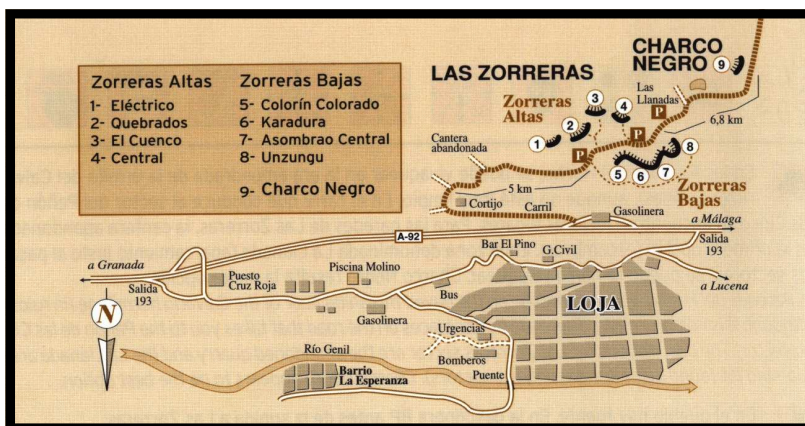

CLIMBING STYLES: Sustained or power-endurance climbing. Technical climbing due to rock type, kinds of moves is predominate,... Short routes with powerful moves.

WHERE TO SLEEP: Great variety of accomodations, consult in the Tourist Office or in www.lojaturismo.com.

LOJA (Granada)

LAS ZORRERAS
